

Praised as a key tactical success for the Allies in the fight against Nazi Germany, Operation Varsity dropped Allied troops behind enemy lines to secure the Rhine River in Wesel, Germany. As a paratrooper with the 464th Field Artillery Battalion of the 17th Airborne Division, George was tasked with carrying the barrel of a cannon weighing more than 200 pounds through enemy fire to deliver ammunition to Allied troops. Completing his mission with courage, George was honorably discharged from service in February 1946.

After serving his country, George started his own construction company in Ashford, Connecticut in 1948. Like many great American success stories, George began his business from humble beginnings; assembling small buildings, chicken coops and barns for local farmers. Sixty-five years later, Zlotnick Construction Incorporated remains a respected organization in Mansfield, Connecticut and has won contracts with key multinational firms. George and his wife Zenia have also remained an unwavering part of the business and Orthodox Church communities of Connecticut.

As George prepares to celebrate his 90th birthday on March 9, 2014, I ask my colleagues to join me in congratulating this great American veteran and businessman and thanking him for his contribution to our Nation.

TRIBUTE TO ANTHONY AND
JEANNE PRITZKER

HON. KAREN BASS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 28, 2014

Ms. BASS. Mr. Speaker, today, I pay tribute to two philanthropists of exceptional dedication and character—Anthony and Jeanne Pritzker. The Pritzkers have been committed to improving the lives of foster youth through the Anthony and Jeanne Pritzker Family Foundation.

For more than a decade the Anthony and Jeanne Pritzker Family Foundation has been making investments to strengthen important institutions that help the residents of Los Angeles. The foundation's grants have helped improve medical care, higher education, the environment, the arts and the foster care system in our city. These investments enrich our communities now, and for future generations.

In 2012, Jeanne Pritzker started the non-profit Foster Care Counts after being inspired by two teenagers they took into their own home, while raising her own children. Foster Care Counts has brought thousands of foster kids and families to their own home to celebrate family with their successful, Foster Mother's Day event.

The Pritzkers recently gave a \$3 million gift to UCLA to create an endowment that covers tutoring, mental health services, summer housing, unforeseen school expenses and other costs for UCLA students who were or are in foster care. They have long been contributors to UCLA's Guardian Scholars program, which provides support to former and current foster-care youth who are students at UCLA. This generous donation is helping ensure the continued success of this vulnerable population.

Today we honor the Pritzkers, for fighting for those who sometimes do not have a voice, and making their lives a little better

CLIMATE CHANGE

HON. PETER WELCH

OF VERMONT

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 28, 2014

Mr. WELCH. Mr. Speaker, I rise today as a member of the Safe Climate Caucus to address the issue of climate change.

Global warming means that the planet on average is getting warmer. The evidence here is indisputable.

Global warming is also causing freak weather events that just aren't normal. These include hurricanes, typhoons and droughts. They also include the brutal cold fronts that are sweeping the country.

Some climate deniers have used this as an opportunity to assert that the overwhelming science behind global warming is wrong. The irony in this assertion is that while the U.S. has extreme unusually cold temperatures, current temperatures in the Arctic are above average.

NOAA recently confirmed that 2013 was the fourth warmest year on record. All 13 years of the 21st century rank among the 15 warmest since records began 134 years ago. On average, spring weather arrives ten days earlier than it used to in the Northern Hemisphere. While many states in the Midwest and Northeast have exceptionally cold temperatures, Alaska is experiencing unusually warm weather and California is going through a record-breaking drought. Average daily highs in Alaska are 11 degrees greater than the historical average for January.

These unusual weather events are doing real economic harm and are hurting American families. Congress needs to tackle this problem of man-made climate change head on and not just bury our heads in the snow.

HONORING MONICA DOMINGUEZ

HON. BETO O'ROURKE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 28, 2014

Mr. O'ROURKE. Mr. Speaker, it is my privilege to recognize Monica Dominguez, the lead counselor at Dr. Sue Shook Elementary School in Horizon City, Texas. Ms. Dominguez is in Washington D.C. to be honored as an American School Counselor Association (ASCA) 2014 School Counselor of the Year finalist.

Ms. Dominguez has led Shook Elementary's efforts to close the gap in services for low-income students through a counseling program that supports students' academic, social and emotional development. By reaching out to students beyond the confines of the school day, Ms. Dominguez has earned respect from fellow educators, parents, and most importantly, her students. In addition, Ms. Dominguez has developed effective relationships with local agencies to support the overall well-being of diverse students and families in El Paso County.

Before joining the staff at Shook Elementary, Ms. Dominguez served as the grants counselor for Project HOPE (Heightened Opportunities for Promoting Excellence) at H. D. Hilley Elementary School, which serves many

students and families who experienced the negative impacts of violence in Mexico. Many of these families moved to El Paso to escape violence and the new students were in need of emotional and academic support. Ms. Dominguez set up Hilley's first data-driven, comprehensive school counseling program, where she maintained a low student-to-counselor ratio; decreased disciplinary referrals; increased attendance rates; and helped students and teachers succeed on state assessments.

Horizon City and the entire El Paso community continue to benefit from the positive impacts that Ms. Dominguez has on her students in her third year as a counselor at Shook Elementary. Her leadership skills and comprehensive vision shape the lives of her students and their families. I join the ASCA and the El Paso community in honoring Ms. Dominguez for her dedication to serving students and for the inspiring example she has set for school counselors across the country.

HONORING JUDGE FRANK CREEDE,
JR.

HON. DEVIN NUNES

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 28, 2014

Mr. NUNES. Mr. Speaker, Alongside my colleague DAVID VALADAO, I rise today to pay tribute to Judge Frank Creede, Jr., who recently passed away.

Frank Creede distinguished himself at an early age. During World War II, he joined the army at the age of eighteen and served in a heavy machine-gun squad in Europe, where he was taken prisoner during the Battle of the Bulge. Surviving a forced march and a railroad ride in a boxcar from Belgium to Germany, he was liberated from his POW camp in April 1945 and was later awarded the Purple Heart.

Upon his return to the United States, Frank began his long, eminent legal career. After practicing law for more than two decades and becoming a founding partner of the law firm now called Creede, Dawson, Gillaspay and Ninnis, he was appointed as a Fresno County judge by Governor Ronald Reagan in 1973. He heard more than 200 jury trials and adjudicated many high-profile cases during his outstanding tenure on the bench, which included service as presiding judge of the Superior Court and several other courts. Judge Creede retired in 1998 after being re-elected to the
